6. All metal design to be stronger.
7. LCD display panel to control humidity, wind speed, timer.
8. Waterproof electrical parts, could be used for outdoor.
9. With washable air filters.
10. With 10m length air inlet and outlet hoses.

Technical data	
Model Name	SAMAC T5
Cooling capacity	5TON, 60000BTU/HR
Voltage	AC380V/50HZ/3P
Power consumption	8 KW
Air volume	2059 CFM
Air filter	Yes
Controller	LCD panel
Working temperature	18-45°C
Drainage	Water hose
Noise	60-70db
Refrigerant	R410A
Dimension	1235*1105*785mm
Weight	220 kgs
